

Project Title: Pasco County Public Library Cooperative
Investigator(s): Dr. Charles R. McClure
Funding Agency: Pasco County, Florida
Award Dates: March 2008 – August 2008
Award Amount: \$10,000

In collaboration with the Pasco County Public Library Cooperative, the Information Institute designed and developed two data collection instruments for project evaluation purposes related to online transactions conducted within the library that are related to E)Government and government information. The Institute determined program parameters and conducted an assessment of grant related activities. Subsequent to administration of the instruments by Pasco County Library Staff, the Institute analyzed the collected data and provided a report on the findings.
